Proceedings of the Indian Academy of Sciences
(Plant Sciences)

Volume 99, 1989

CONTENTS

Some observations on the chemistry and taxonomy of the tribe Bignonieae
M Satyavathi, M Radhakrishnaiah and L L Narayana 1

Use of cuticular studies in distinguishing species of *Dalbergia*
Parveen Farooqui, N Venkatasubramanian and V K Nallasamy 7

Structure and development of fruit wall ornamentation in *Pergularia daemia* (Forsk.) Chiov (Asclepiadaceae) *P M Kuriachen and Yash Dave* 15

Histochemical and histoenzymological changes during heartwood formation in a timber tree *Shorea robusta* *A Kumar and S K Datta* 21

Loss of inoculated rhizobial population due to epigeal germination of seed and the influence of methods of inoculation on soybean yield
K S Jauhri and N S Subba Rao 29

Ultimate fibres in tossa jute (*Corchorus olitorius* L.) and their utilization in selection *Md Abbas Ali* 37

Periphytic algae 1. Diurnal productivity and N_2 fixation by microalgae colonized on an artificial substratum *Naithirithi T Chellappa* 43

Growth and population dynamics of an exotic weed *Parthenium hysterophorus* Linn *H N Pandey and S K Dubey* 51

Spectral reflectance characteristics of vegetation and their use in estimating productive potential *P S Roy* 59

Two *Cololejeunea* from south India *S C Srivastava and Geeta Srivastava* 83

Floral anatomy of the Liliaceae: Tribe Convallarieae
N P Vaikos, S K Markandeya and R M Pai 91

Floral trichomes in some members of Bignoniaceae
K R Mehra and A R Kulkarni 97

Diversity of androecium and pollen grains in the genus *Garcinia* L. and its bearing on geographical distribution and evolution *Y N Seetharam* 107

Analysis of forest vegetation of Morni hills in northeast Haryana
S K Rout and S R Gupta 117

Intraspecific hybrid generations in *Urena lobata* L. with a note on the taxonomy of the species *G Pushparajan, P I Kuriachan and C A Ninan* 127

Cytological observations on some species of *Pteris* L. from Kumaon (northwest Himalaya) *N Punetha and Abha Sen* 131

Plant regeneration *in vitro* in different cultivars of sesame (*Sesamum indicum* L.) *L George, V A Bapat and P S Rao* 135

Influence of $Ca(NO_3)_2$ on the changes in the lipid composition, peroxidation and superoxide dismutase activity in intact primary leaves of cowpea during senescence *N Savithramma and P M Swamy* 139

Flowering pattern and pod development responses in a spreading type of groundnut (cv. M-13) to a monophenol and aliphatic alcohols mixture *Usha Parmar, C P Malik, Manjit Grewal, D S Bhatia and Parmil Singh* 147

Cytochemical study of nucleic acids, proteins and insoluble polysaccharides during microsporogenesis and pollen development in *Najas marina* L. *B K Jain* 155

Lichen genera *Brigantiaea* and *Letrouitia* from India *D D Awasthi and P Srivastava* 165

Rotala Linn. (Lythraceae) in peninsular India *K T Joseph and V V Sivarajan* 179

Ecosystem function in a Khasi village of the desertified Cherrapunji area in northeast India *A K Gangwar and P S Ramakrishnan* 199

Ecological implications of some cash crop ecosystems in north-eastern India *Anil Kumar and P S Ramakrishnan* 211

Pollination ecology of *Zizyphus mauritiana* (Rhamnaceae) *K Rama Devi, J B Atluri and C Subba Reddi* 223

Pollen analysis of some spring honeys from the western Himalayan region of Uttar Pradesh, India *Mithilesh Chaturvedi* 241

Circadian and seasonal periodicities of some mold allergens in the atmosphere of Madras city (India) *B P R Vittal and K Krishnamoorthi* 247

Chemosystematics of some conifers of India *Sheeja M John, M Daniel and S D Sabnis* 253

Chemosystematics of *Gardenia* *K Kiran Mai, M Satyanarayana Reddy, M Radhakrishnaiah and L L Narayana* 259

Rhizolex 50 WP—a new fungicide to control the foot rot of betelvine (*Piper betle* L.) caused by *Sclerotium rolfsii* Sacc. *Santosh K Gangwar and B Dasgupta* 265

Sensitivity of *Triticale hexaploide* Cv. Panda-6 to sulphur dioxide *Subhash Chand and V Singh* 271

Response of some common fresh water algae to DDT applications *P R Chaudhari, Indira Jayangouder and K P Krishnamoorthi* 279

Seasonal variations of proteins and amino acids in three salt marsh species *A J Joshi and A Sagar Kumar* 287

Genetically controlled anthocyanin synthesis in callus cultures of *Zea mays* L.
P Suprasanna, K V Rao and G M Reddy 293

Floral biology of almond (*Prunus amygdalus* L. Batsch) under cultivation in Kashmir valley *A S Soodan, A K Koul and B A Wafai* 297

Seed coat and hypocotyl pigments in greengram and blackgram
R N Pandey, S E Pawar, G J Chintalwar and C R Bhatia 301

Ontogenesis of *in vitro* shoot bud proliferation in *Solanum sarrachoides* Sendt.
N Banerjee, S Mukhopadhyay and A K Sharma 307

Potassium effect on tissue hydration and transpiration in cauliflower
Sandhya Singh and C P Sharma 313

Effect of environment on pigment ratios in *Dunaliella* spp. from the salt pans of Gujarat *Usha D Muraleedharan, J I Goes and Aditi Pant* 319

Ecological and phytogeographical observations on the fern flora of Pithoragarh district (north-west Himalaya) *N Punetha* 327

Splash dispersal in *Ramulispora sorghi* Olive and Lefebreve, the causal organism of sooty stripe of sorghum *A H Rajasab and A Ramalingam* 335

Growth strategies of early and late successional shrubs from a sub-tropical moist forest under two light regimes *U Baruah and P S Ramakrishnan* 343

Architecture and growth patterns of early versus late successional shrubs of sub-tropical moist forests of north-eastern India
U Baruah and P S Ramakrishnan 353

Taxonomic position of *Centella asiatica* (L.) Urban
I A Hamal and A K Koul 363

Lichen genus *Catillaria* s. lat. in India
G Pant (nee Awasthi) and D D Awasthi 369

Auxin profile of gall and normal tissues of *Prosopis cineraria* (Linn.) Druce induced by *Lobopteromyia prosopidis* Mani, *in vitro* and *in vivo*
Vidya Ramani, U Kant and M A Quereshi 385

Histogenetic patterns and classification of the shoot-axis galls *P Jayaraman* 391

High frequency somatic embryogenesis and plant regeneration from immature inflorescence cultures of two Indian cultivars of sorghum (*Sorghum bicolor* L. Moench) *Leela George, Susan Eapen and P S Rao* 405

Epicotyl excision and reserve mobilization in winged bean
T Kamala Devi, K Sreekumar and K N Madhusudanan 411

Xylotomical studies of some Boraginaceae
S V R Surya Kamala, B Hanumantha Rao and K V Ravi Kumar 417

Optical microscopic studies on the structure and secretion of resin glands in some Apocynaceae
R B Subramanian, V Murugan, J S S Mohan and J A Inamdar 423

Leaf dynamics of early versus late successional shrubs of subtropical moist forests of north-eastern India *U Baruah and P S Ramakrishnan* 431

Mycoflora associated with stored wheat and its milling fractions in India *Indra K Kunwar* 437

Splash dispersal in *Colletotrichum graminicola* (Ces.) Wilson, the causal organism of anthracnose of sorghum *A H Rajasab and A Ramalingam* 445

A cytoembryological study of *Urochloa panicoides* P Beauv. (Poaceae) *Basavaiah and T C S Murthy* 453

Comparative studies on the toxicity of petroleum oils and their aqueous extracts towards *Anabaena doliolum* *J P Gaur and A K Singh* 459

Observations on unusual akinete formation in *Anabaena azollae* in isolation culture *B S Vaidya and Johny Thomas* 467

Decomposition studies on two floating leaved macrophytes, *Nymphaea nouchali* and *Nymphoides indica*, of lake Kondakarla, India *K S N Murty and V Seshavatharam* 473

Seasonal patterns of phytoplankton biomass and productivity in a tropical estuarine complex (west coast of India) *V P Devassy and J I Goes* 485

Anaerobic digestion of alkali treated crop residues with cattle waste *Gh Hassan Dar, S M Tandon and R Singh* 503

Pollination mechanism in *Coriandrum sativum* Linn. (Apiaceae) *A K Koul, I A Hamal and S K Gupta* 509

Comparison of physiological responses of pearl millet and sorghum to water stress *V. Bala Subramanian and M Maheswari* 517

A tissue culture derived pesticide tolerant line of chickpea (*Cicer arietinum* L.) *Srinath Rao and M Madhava Naidu* 523

Net photosynthetic rate in relation to leaf anatomical characteristics of C_3, C_3–C_4 and C_4 dicotyledons *A Prasada Rao and G Rajendrudu* 529

Influence of shading on net photosynthetic and transpiration rates, stomatal diffusive resistance, nitrate reductase and biomass productivity of a woody legume tree species (*Erythrina variegata* Lam.) *K Muthuchelian, Kailash Paliwal and A Gnanam* 539

Histological structure of the pericarp of *Abelmoschus esculentus* L. (Moench) in relation to growth and dehiscence *J A Inamdar, T V Ramana Rao and Yash Dave* 547

Systematic leaf anatomy of some Indian mangroves *V Seshavatharam and M Srivalli* 557

Genus *Blachia* Baill. (Euphorbiaceae) in India *N P Balakrishnan and T Chakrabarty* 567

Differential resource allocation in seed and vegetable types of cluster bean [*Cyamopsis tetragonoloba* (L.) Taub.]
R Lokesha, P Gopalareddy and G Shivashankar 579

Effect of age, length, defoliation and storage of scion sticks on success of softwood grafting in jackfruit (*Artocarpus heterophyllus* Lam)
S A Desai and A G Desai 585
